DFES
Department of Fire & Emergency Services

FOR A SAFER STATE

EMERGENCY SERVICES LEVY FOR A SAFER STATE

The Emergency Services Levy (ESL) supports more than 26,000 fire and rescue, marine and emergency services volunteers and funds over 1,600 firefighters. Department of Fire and Emergency Services' (DFES) staff provide 24/7 fire and emergency assistance across Western Australia.

Collectively, volunteers, firefighters and DFES staff work together to protect and keep Western Australians safe from natural disasters and emergency events-responding to more than 25,000 incidents every year.

The ESL funds operations that keeps the community safe from bushfires, protects people from floods, storms and cyclones, helps those involved in road crashes, guards the community from hazardous spills and saves lives through search and rescue missions on land or at sea.

Wherever you live in Western Australia, you'll see the ESL hard at work.

Your ESL contribution is included within your local government rates notice.

To learn more about how your ESL is calculated, including information on the different ESL rates, limits and concessions visit dfes.wa.gov.au/esl

Thank you

Your ESL contribution ensures that DFES, all emergency services and their volunteers have the resources, funding, training and support needed to keep Western Australian communities safe.
