## **Executive summary**

The Local Heritage Survey is a review and update of the Shire's 1996 Municipal Inventory of Heritage Places.

The review is the result of Heritage Council directive arising from the Heritage Act 2018, whereby they are trying to get all local governments to prepare a 'Heritage List'. To identify a 'Heritage List', a review and update of the heritage Inventory (1996) is necessary in order to be informed of, and understand, the places of heritage value in the local government area to that community. The 'Heritage List' has implications and needs to be understood and substantiated.

Any place, including sites, that the community consider of heritage value, is worthy of consideration for inclusion in the Local Heritage Survey.

The most significant places in the Local Heritage Survey are then recommended for the 'Heritage List', which includes the places already included on the State's Register of Heritage Places. For each heritage place (including ruins and sites), a level of significance and consequent category is applied. The places with the highest level of significance are recommended for inclusion in the Shire of Mingenew's 'Heritage List' that provides policies and the provisions of the Local Planning Policy for future conservation.

Almost every place in preparation of the review has been photographed, and some historical research has been undertaken beyond the existing documentation, the information has been interpreted and formatted to the relevant place listings, cross referenced with other places, and documented in the formatted table of places, with references to the Department of Planning, Lands and Heritage's (DPLH) inHerit database number, arranged in alphabetical order and numbered as the primary index.

Ninety eight places have been identified in the Local Heritage Survey 2022. Of those 98 places, 64 are recorded on the Heritage Council's inHerit database, 6 are repeats of places, and 55 of the 64 are from the 1996 Municipal Inventory. One of the original places on the 1996 Inventory (56 places) was destroyed in the 2021 Seroja Cyclone and has not been included.

The tabled listings provide summaries of the history of each place and a Statement of Significance. Information has been researched from various sources, including, but not limited to the DPLH's inHerit database, local history references, the published history of Mingenew, Conservation Plans, community members and the Mingenew Historical Society.

There are 38 new nominations that have been recorded and are identified by not having an inHerit database number in the listings in the tables.

The Local Heritage Survey is now digital and in the hands of the Shire of Mingenew for further amendments and upgrades. Change happens, and attitudes change, so there is always the opportunity to ensure that the record is relevant. It's your heritage.

## 1.0 INTRODUCTION

A review of the Heritage Inventory is a requirement of the Heritage Act 2018. Inventories have been renamed “Local Heritage Surveys”. This review is in accordance with the Part 8 of the Heritage Act 2018 that is essentially the same guidelines as the 1990 Act requirements, including the identification of the “Heritage List”.

The review is undertaken in consideration of the Department of Planning, Lands and Heritage’s guidelines; *Criteria for the assessment of local heritage places and areas* as recommended in *State Planning Policy 3.5 Historic Heritage Conservation*.

Assessments determine levels of significance for each place in consideration of the overall context of the Shire’s towns and district. The levels of significance are consistent with the required categories (Heritage Act 2018).

## 2.0 CRITERIA for SIGNIFICANCE

Every place previously listed in the original 1996 Heritage inventory has been assessed within the Heritage Council’s guidelines; *Criteria for the assessment of local heritage places and areas*. The four criteria for the assessment are summarised hereunder:

### **Assessment of significance**

#### **Aesthetic value\***

Criterion 1 It is significant in exhibiting particular aesthetic characteristic.

#### **Historic value**

Criterion 2 It is significant in the evolution or pattern of the history of the local district.

#### **Research value**

Criterion 3A: It has demonstrable potential to yield information that will contribute to an understanding of the natural or cultural history of the local district.

Criterion 3B: It is significant in demonstrating a high degree of technical innovation or achievement.

#### **Social value**

Criterion 4 It is significant through association with a community or cultural group in Western Australia for social, cultural, education or spiritual reasons.

**Degree of significance**

**Rarity**

Criterion 5 It demonstrates rare, uncommon or endangered aspects of the cultural heritage of the local district.

**Representativeness**

Criterion 6 It is significant in demonstrating the characteristics of a class of cultural places or environments in the local district.

**Condition** refers to the current state of the place in relation to each of the values for which the place has been assessed. Condition reflects the cumulative effects of management and environmental effects.

**Integrity** is a measure of the likely long-term viability or sustainability of the values identified, or the ability of the place to restore itself or be restored, and the time frame for any restorative process.

**Authenticity** refers to the extent to which the fabric is in its original state.

Substantiation of the heritage value of heritage places is the foundation for understanding a place and inclusion in the Local Heritage Survey.

There are 98 places listed in the Local Heritage Survey 2022.

### 3.0 LEVELS OF SIGNIFICANCE

For each place deemed to be of heritage value, a level of significance and consequent category is applied. The following table from the Heritage Council's *Criteria for the assessment of local heritage places and areas* illustrates the details, and the amendments to facilitate the draft proposed categories are listed against them.

In line with Heritage Council's guidelines, Categories 1 and 2 places are recommended to be included in the Shire of Mingenew's Heritage List to provide a level of management through the Planning Scheme and Local Planning Policy.

Each place was categorised with reference to the following levels of significance:

LEVELS OF SIGNIFICANCE	DESCRIPTION	DESIRED OUTCOME
<b>Category 1</b> <b>Exceptional significance</b>	Essential to the heritage of the locality Rare or outstanding example.	<b>HERITAGE LIST</b> <b>Register of Heritage Places</b> The place should be retained and conserved. Any alterations or extensions should reinforce the significance of the place and be in accordance with a Conservation Plan (if one exists for the place). Refer to Heritage Council. Planning Scheme provisions
<b>Category 2</b> <b>Considerable significance</b>	Very important to the heritage of the locality. High degree of integrity/ authenticity.	<b>HERITAGE LIST</b> Conservation of the place is highly desirable. Any alterations or extensions should reinforce the significance of the place. Planning Scheme provisions
<b>Category 3</b> <b>Some/Moderate significance</b>	Contributes to the heritage of the local some altered or modified elements, no necessarily detracting from the overall significance of the item.	<b>NO CONSTRAINTS</b> Conservation of the place is desirable. <b>Category 4</b> <b>Little significance</b>	Some community interest to the history/heritage of the locality.	<b>NO CONSTRAINTS</b> Contributes to the history of the locality. Photographically record prior to any major development or demolition.

Recognise and interpret the site.

#### 4.0 CATEGORIES

Further to Heritage Council's *Criteria for the assessment of local heritage places and areas*, an important part of the recognition and understanding of cultural heritage significance of a place, is that some guidance is provided to the owners, managers, and statutory authority, to respond to that assessed significance.

Categories have been determined relevant to the assessed level of significance for each place. Implications for each recommendation are also summarised.

**Category 1** A place of exceptional cultural heritage significance to Shire of Mingenew and the state of Western Australia, that is either in the Heritage Council of Western Australia's Register of Heritage Places, or worthy of consideration for entry into the Register.

A place worthy of recognition and protection through provisions of the Shire of Mingenew's Planning Scheme.

Planning application needs to be submitted to Shire of Mingenew for any proposed development. A Heritage Impact Statement may be required.

Planning application referred for heritage comment and background information for Heritage Council of Western Australia (HCWA).

The development application needs to be submitted to HCWA for support for any proposed development, and Shire of Mingenew cannot approve contrary to HCWA recommendation.

**Recommend:** Maximum encouragement to owners to retain and conserve the place. Full consultation with property owner prior to making the recommendation.

#### IMPLICATIONS of REGISTRATION:

A Memorial is lodged on the Certificate of Title of the Registered place under the provisions of the *Heritage Act (2018)*.

By virtue of the *Heritage Act (2018)*, the owner is bound to conserve the place.

ALL development (including demolition) MUST be referred to Heritage Council for consideration PRIOR to undertaking any works.

The Shire of Mingenew cannot approve anything contrary to Heritage Council recommendations.

Private owners of Registered places qualify for the Heritage Council's Conservation Grants Funding. A Conservation Management Plan or Conservation Management Strategy is a pre-requisite for conservation works funding assistance from the Heritage Council.

Local Government, churches and community (not-for-profit) owners qualify for Lotterywest conservation funding. It is funded loosely on a \$ for \$ basis, although 'inkind' contributions are encouraged. Benefit to the community is a significant factor in assessment for funding. A Conservation Management Plan or Conservation Management Strategy is a pre-requisite for conservation works funding and can also be funded.

Local Government owned Registered places qualify to claim for \$10,000 per annum 'Disability allowance' through the Grants Commission. Up to a maximum of \$50,000 is allowed for 5 buildings or more.

**Category 2**

A place of considerable cultural heritage significance to Shire of Mingenew that is worthy of recognition and protection through provisions of the Shire of Mingenew's Planning Scheme and Local Planning Policy.

A planning application needs to be submitted to Shire of Mingenew for any proposed development for particular consideration of the heritage impact.

**Recommend:**

**Inclusion in the Heritage List**

Retain and conserve the place.

Document the place prior to any development; and photographic archive report if retention is not possible.

There are **no statutory requirements** pertaining to heritage issues.

Private owners do not qualify for any funding.

Local Government, churches and community (not-for-profit) owners qualify for Lotterywest conservation funding, although at a lower priority. It is funded loosely on a \$ for \$ basis, although 'inkind' contributions are encouraged. Benefit to the community is a significant factor in assessment for funding. A Conservation Management Plan or Conservation Management Strategy is usually a pre-requisite for conservation works funding and may also be funded on same basis as works funding assistance.

**Category 4** A place (including a site with no built remains) of little cultural heritage significance to Shire of Mingenew.

No constraints.

**Recommend:** Encourage retention of the place, or where there are ruins, archaeological findings or no built remains: Interpret the place.

Private owners do not qualify for any funding.

Local Government, churches and community (not-for-profit) owners qualify for Lotterywest conservation funding, although at a lower priority. It is funded loosely on a \$ for \$ basis, although 'inkind' contributions are encouraged. Benefit to the community is a significant factor in assessment for funding. A Conservation Management Plan or Conservation Management Strategy is usually a pre-requisite for conservation works funding and may also be funded on same basis as works funding assistance.

Of the 98 identified places, there is 1 registered 'place' (actually recorded by HCWA as 3 places) entered onto the Heritage Council's Register of Heritage Places: Category 1. That place together with 26 places are recommended for Category 2 to form the "Heritage List".

This review recommends that Category 1 and 2 places of the highest level of cultural heritage significance to the Shire of Mingenew, form the "Heritage List" that is relevant to the provisions of the Local Planning Policy.

The places recommended for the 2022 Heritage List are comprised of categories 1 and 2 in the Local Heritage Survey.

The 71 Category 3 and 4 places are not included in the Heritage List and consequently have no implications.

## 6.0 HERITAGE LIST

### Categories 1 & 2 places

An important part of the recognition and understanding of cultural heritage significance of a place, is that some guidance is provided to the owners, managers and statutory authority, to respond to that assessed significance.

Categories have been determined relevant to the assessed level of significance for each place. Implications for each recommendation are also summarised.

The Heritage List is comprised of:

- Category 1** A place of exceptional cultural heritage significance to Shire of Mingenew and the state of Western Australia, that is either in the Heritage Council of Western Australia's (HCWA) Register of Heritage Places (R) or worthy of consideration for entry into the Register. The Shire of Mingenew is required to forward any proposed development to the heritage Council for a determination that can't be contrary to the Heritage Council's decision. The provisions of the Shire of Mingenew's Planning Scheme will alert to the Register of Heritage Places status and procedure.
- Category 2** A place of considerable cultural heritage significance to Shire of Mingenew that is worthy of recognition and protection through provisions of the Shire of Mingenew's Planning Scheme and Local Planning Policy.
