Q8 What, if any, specific challenges have you faced or witnessed in people with disability accessing services, programs, or places in the Shire of Mingenew?

Answered: 12 Skipped: 13

#	RESPONSES	DATE
1	Access to Rec Centre & toilets at Rec Centre. No disabled public toilet	11/15/2024 9:46 AM
2	Footpaths - for the use of gophers and people before needing walkers - uneven surface (have had discussion with residents that live and walk the street). William Street in particular.	11/15/2024 9:37 AM
3	Electronic doors at Shire building close too soon - has fallen due to getting caught by it. Footpaths have too big of a lip to get onto it (on way from APU to Silverchain).	11/15/2024 9:33 AM
4	Main hall step front door	11/15/2024 9:29 AM
5	Not enough footpaths. Path on main street really bumpy. No footpath from caravan park to other footpaths	11/15/2024 9:21 AM
6	Anyone with 'wheels' finds it extremely difficult to get around the town - including gophers, wheelchairs, 4-wheeled-walkers and prams. There are not 'working/intact' footpaths on every street. Sometimes there are HUGE curbs you need to negotiate before even getting up to the footpath. The Shenton St access to Cecil Newton park has great entry fence, however someone with wheels cannot access from the midlands road side and has to go down the huge curb to get onto the road and then get back up the curb to go through the fence/entryway which is VERY difficult.	11/10/2024 4:09 PM
7	Trip hazards	10/11/2024 4:30 PM
8	Footpaths are trip hazards and pram ramps for gopher and wheelchairs non-existent	10/11/2024 4:29 PM
9	Bad footpaths - many trip hazards	10/11/2024 4:26 PM
10	Footpaths are either non-existent or in extremely poor condition and the road ways are also in very poor condition and pose a hazard for those residents and visitors who need to use mobility scooters and other walking aids	10/1/2024 4:26 PM
11	A massive one is access to the rec centre toilets. The toilet in the turf club is the only one accessible and its not great. I know its a private business but the pub is not at all disability friendly which isn't great for our tourism. The new fencing on the foot paths around Cecil Newton park seem a bit tight for mobility scooters. In order for disabled patrons to use the rec centre and the toilet they need to go out in the weather and its a big distance via the ramps. Im glad this will be fixed with the rec centre upgrade.	8/22/2024 9:51 PM
12	Limited setup for people with visual impairment	8/11/2024 5:35 PM

#	RESPONSES	DATE
1	transport service	11/15/2024 9:42 AM
2	Make sure building handrails are in good condition	11/15/2024 9:33 AM
3	We can't drive out of town because of my poor eyesight and husband hasn't a drivers licence. It's very hard to get to an appointment out of town and it's hard to get family or anyone to take us. I would like to see our local shire bus to take who would like to go as well once a fortnight or month to Geraldton for either appointments or a bit of shopping.	11/15/2024 9:27 AM
4	More footpath. Employment opportunities.	11/15/2024 9:21 AM
5	Move the fence entryway of the Shenton Street entry to Cecile Newton park back into the park lawned area, so the footpath can be completely accessed from both north and south directions again. The entry way is great and is excellent at providing safety for children, it just needs to be in the park and not obstructing the footpath.	11/10/2024 4:09 PM
6	Mingenew Hill Windmill Park	10/11/2024 4:32 PM
7	Brick paving needs to be re-laid or replaced	10/11/2024 4:30 PM
8	Create a budget for footpath upgrades seeking grants	10/11/2024 4:29 PM
9	New paving - no bricks	10/11/2024 4:26 PM
10	Improve the roads and footpaths. Provide better access for disabled people in areas such as the Old Railway Station and the Recreation Centre.	10/1/2024 4:26 PM
11	Definitely have a look at the areas ive suggested above.	8/22/2024 9:51 PM
